World of Water Membership
comes to you at a very high cost
and whilst you continue to 'pay',
your unique MEMBERSHIP
lasts a lifetime.

To remain a MEMBER
you have a '**Duty of Care**'
for the water environment.

If you 'care' for the environment around you
and its water-life, this 'duty' will be
easy and of no burden to you.

However, if you cease to care,
you will become a burden to
everyone on Earth and
your membership
of this
world of water
will be terminated.

Given under the Official Stamp of the Membership Secretary
